

Keep Score With Jason

Tracking what a football season does to TCU

MAKE THREE PREDICTIONS BEFORE TCU PLAYS GRAMBLING STATE

Write them down now and do not change them later. After every four games, return to the scorecard and record what you actually saw. In November, compare the season with the team you expected in September.

BACKUP I THINK TCU WILL NEED BY NOVEMBER

POSITION GROUP I THINK WILL NEED ITS DEPTH MOST

PLAYER I THINK WILL LOOK MOST LIKE HIMSELF IN NOVEMBER

HOW TO USE THE SCORECARD

1. Add one short observation after each game.
2. Look for changing roles, increased snaps and position groups leaning on their depth.
3. Observe, do not diagnose. An injury is confirmed only when TCU or the player says so.
